Dear Bridge Recruitment Team,

Subject: Application for ESL Teaching Position

I'm writing to express my interest in your current ESL teaching opportunities in starting in September. As a dedicated educator currently based in Korea, I'm eager to transition into a new role where I can apply my extensive professional background and my passion for student-centered learning.

My teaching philosophy is rooted in the "unplugged" method. I believe that true language acquisition happens through genuine human interaction and active participation rather than passive screen time. By prioritizing whiteboard work, tactile activities, and high-energy verbal engagement, I create a classroom environment where students feel compelled to use English authentically. This approach has proven particularly effective in keeping elementary and middle school students focused and confident in their speaking abilities.

With 18 years of professional experience in the private and sustainable development sectors prior to my move to Korea, I bring a level of professionalism, cultural sensitivity, and adaptability that allows me to integrate seamlessly into new school environments. I pride myself on being a "warm-hearted" instructor who builds strong rapport with students while maintaining the necessary classroom structure for academic success.

Key Qualifications & Readiness:

- **Current Location:** Korea
in-person interviews if required.
- **Document Status:** I possess a clean national-level background check and a Bachelor's degree with the necessary apostilles ready for visa processing.
- **Target Groups:** I have a strong preference for and extensive experience with Elementary and Middle School learners.

I have attached my CV and would welcome the opportunity to discuss how my teaching style and professional background align with your current openings. Thank you for your information.

Sincerely,
