Dear Hiring Manager,

I am writing to express my interest in an English teaching position at your academy. As a TEFL-certified educator with over four years of experience working with young learners, I bring an engaging, student-centered, and adaptable approach to the classroom. I am passionate about creating a positive learning environment where students feel comfortable participating, building confidence, and developing their English communication skills.

My teaching experience includes working with kindergarten and elementary students in both classroom and tutoring settings. Throughout my experience, I have developed and led interactive lessons focused on reading, speaking, listening, and collaborative learning activities. I enjoy incorporating creativity, discussion, and hands-on activities into lessons in order to keep students engaged and motivated.

In addition to my teaching experience, my involvement with Arizona State University's Next Generation Service Corps helped strengthen my communication, leadership, and cross-cultural collaboration skills. These experiences have allowed me to work effectively with diverse learners and adapt to different educational environments.

Currently teaching in South Korea has further strengthened my classroom management, lesson planning, and student engagement skills while also deepening my appreciation for cultural exchange and international education. I value the opportunity to support students not only academically, but also in building confidence and curiosity as learners.

Thank you for considering my application. I would be happy to provide additional materials such as references, a teaching portfolio, or a video introduction upon request. I look forward to the opportunity to contribute positively to your school community.

Warm regards,
