

# 6333

English & EAL Teacher | International Educator

## PROFESSIONAL PROFILE

A passionate and culturally responsive English and EAL educator, I bring over six years of international teaching experience in South Korea and a deep commitment to helping diverse learners find their voice through reading and writing. As a multilingual speaker of English and Afrikaans who has lived and worked abroad for six years, I understand first-hand what it means to navigate language and culture simultaneously — an experience that informs my approach to supporting EAL learners, including those preparing for international examinations such as TOEFL iBT. Currently working as Head Elementary Teacher at English Academy while completing a PGCiE at the University of Bath, I combine practical classroom expertise with ongoing professional development. I hold a BA in Language and Literary Studies and an Honours degree in Afrikaans and Dutch (North-West University, South Africa), and am committed to learner-centred, inquiry-based approaches that nurture globally minded, confident communicators.

## QUALIFICATIONS & CERTIFICATIONS
