

Dear Sir/Madam

I am writing to express my interest in working at your school. I am a 24-year-old teacher from South Africa, and my background has shaped me into a patient, adaptable, and culturally aware teacher. Coming from a diverse country with multiple languages and cultures has helped me better understand the challenges students face when learning English, allowing me to support them with empathy and clarity. I am currently working as an English teacher at I.C.M.E. in South Korea, where I teach both kindergarten and elementary students across a variety of subjects, including phonics, reading, and creative-based classes. Teaching across different age groups has strengthened my ability to adjust my approach depending on students' needs, whether that means simplifying language for younger learners or encouraging more independent thinking in older students. I focus on creating a structured but engaging classroom where students feel comfortable participating, asking questions, and building confidence in their English abilities.

Previously, I worked at Pangea Outsourcing Service, where I taught both one-on-one and group ESL classes. This experience allowed me to work closely with students of different proficiency levels and learning goals. I supported them in improving their pronunciation, grammar, and overall communication skills, while learning how to adapt my teaching style to suit each individual learner. I hold a bachelor's degree in international relations and politics, along with a TEFL certification, and I am currently working toward my PGCE. My studies have deepened my understanding of effective teaching practices and classroom management, and I continuously aim to grow as an educator. I am also currently on an E-2 visa. I am confident that my experience, cultural awareness, and dedication to student growth would allow me to make a meaningful contribution to your school. Thank you for your time and consideration. I would truly value the opportunity to join your team and support your students in their learning journey.

Sincerely,

Debbie Mathidi
