

ZENANDE UYANDA MRWETYANA

To Whom It May Concern,

I am writing to express my interest in the English teaching position at your institution. I am a committed and adaptable ESL teacher with nearly two years of teaching experience in South Korea, working with kindergarten, elementary, and adult learners in both private academy and public community center settings. I hold a Bachelor of Science and an Honours degree in Botany from the University of Fort Hare and bring a strong academic foundation combined with practical classroom experience.

In my current role at Boomily English Academy, I design and deliver engaging, student-centered lessons that support communicative English and active learning. I have experience teaching phonics, reading, grammar, and conversational English, and I regularly incorporate interactive activities such as cooking classes, science experiments, arts and crafts, games, and debates to maintain high student engagement and motivation. I also prepare monthly progress reports to track student development and communicate effectively with parents and school staff.

I am highly adaptable and comfortable working with diverse age groups and proficiency levels. I value collaboration and have built positive working relationships with Korean co-teachers and administrative staff. My teaching approach emphasizes inclusivity, cultural exchange, and creating a supportive classroom environment where students feel confident using English. I am also organized, receptive to feedback, and continuously seeking ways to improve my teaching methods.

I am passionate about education and committed to contributing positively to your school community. I would welcome the opportunity to bring my enthusiasm, professionalism, and creativity to your program. Thank you for considering my application. I look forward to the possibility of discussing how my skills and experience align with your needs.

Sincerely,

Z
M
