EDUCATION

High School

Trotwood Madison High School

August 2016 - May 2020

University

Education Major

Bowling Green State University

January 2021 - December 2024

WORK EXPERIENCE

Fourth Grade Teacher

Imagine Klepinger Community School

August 2025 - Present

- Planned and taught engaging, standards-based lessons across all core subjects, adjusting instruction to meet students where they are.
- Helped students feel confident and prepared for state testing by using targeted practice, reviewing key skills, and tracking progress throughout the year.
- Provided small-group and one-on-one reading and math support to help struggling students build skills and close learning gaps.
- Taught all subject areas, connecting concepts across content to make learning meaningful and relevant.
- Built strong, positive relationships with students and created a classroom environment where they felt safe, supported, and motivated to learn.
- Communicated regularly with parents through conferences, updates, and ongoing conversations to work together in supporting student growth.

Preschool Teacher

Learning Ladder Academy

May 2025 - August 2025

- Fostered positive behavior and classroom routines that encouraged independence and cooperation.
- Monitored student progress and adjusted activities to support individual developmental needs.
- Communicated regularly with families regarding student growth, classroom activities, and developmental milestones.
- Helped plan and carry out daily activities that built early reading, writing, and math skills, including colors, shapes, numbers, and patterns.
- Supported fun, hands-on activities that encouraged growth in many ways for all the students

Lead Preschool Teacher

All About The Kids

January 2025 - May 2025

- Planned and led daily lessons focused on early literacy, writing readiness, number sense, and foundational skills such as colors, shapes, and patterns.
- Created hands-on, play-based learning experiences to support social, emotional, and cognitive development.
- Supervised students during indoor and outdoor play, ensuring a safe, structured, and nurturing environment.

MARILYNN MBAH

EDUCATOR

Dear Hiring Manager,

My name is Marilynn Mbah. I am originally from Dayton, Ohio and all my life I have wanted to become an educator. My love for educating starts at a very young age, going all the way back to elementary school. I went to a Career Technology School for my junior and senior year of high school, where I got the opportunity to teach preschool. Not only that but I started working at a daycare at age 14. My knowledge and love for working with children and education commenced very early and has only been strengthened as time passed.

I graduated from Bowling Green State University as an Education major on December 14th 2024. Through my time at BGSU I got the chance to be in field placements all over the Toledo area and work in classrooms with students starting as early as my freshman year so as you can see I am very experienced when it comes to the classroom. My goal upon graduation was always to move to South Korea to teach English. After gaining more experience as a preschool and fourth grade teacher I feel I am ready to make this goal come true.

I'm someone who's always eager to grow and learn and I believe this next step will help me do what I love while growing as a person at the same time. I am known for my unwavering determination. At 23, I seamlessly integrate theoretical knowledge into real-world scenarios, demonstrating an exceptional work ethic, reliability, and a steadfast commitment to achieving excellence. I am a team player who consistently pulls her weight, contributing significantly to collaborative efforts. Whether faced with challenges or routine tasks, I approach each responsibility with equal vigor, ensuring optimal outcomes. My passion for fostering positive learning environments, coupled with my resilience and adaptability, matches my commitment to delivering impactful contributions, making me an asset to any team.

While attending BGSU I got the chance to be a peer mentor for first year students as well as become an international student buddy where I helped international students from Korea and Japan adjust to life in America. I also studied abroad in South Korea in the summer of 2023 so I have a great understanding on what life in Korea is like, and am confident that adjusting won't be an issue!

All this to say, I would truly love to be considered for this job! I have expansive experience in working with children. I have spent all my time in undergrad learning about educating children and for these reasons I feel I would be a great fit for this job! What sets me apart is my genuine love for children and working with them. I have never wanted to be in any other profession and I hope my enthusiasm at the opportunity to work at your establishment is well received. It truly would mean the world to me.

Respectfully,

Marilynn Mbah
