TEACHING EXPERIENCE

English Teacher, DUX Academy, 2024-2025.

Busan, Republic of Korea.

Taught in a private academy to students aged 8-18. This included teaching grade 2-6 English, Literature, and TEFL, IELTS, and TOIEC test preparation with proven excellent results!

Responsibilities included grading class and homework, writing reports and speaking to parents of younger students, setting advanced targets for the older students and helping them adhere to them, and creating tests and exams, including practice tests for IELTS and TOIEC.

English Tutor and Host, Busan Global Village, 2023-2024.

Busan, Republic of Korea.

Taught English experience scenarios to grade 6 students as part of an immersive English speaking field trip. Created real life scenarios where the students learned new words, phrases and knowledge of real world situations. This also included enhanced classes for 1 month long Summer and Winter camps.

Also taught in the community driven 'Young Leaders' program, which aimed to give free English classes to disadvantaged children to help them further their opportunities. This program included teaching for grade 3-6 students three times a week in large classes. Responsibilities included grading tests and homework, reporting progress to parents and staff, and providing a fun learning atmosphere for the students.

Part Time English Tutor, 2022-2025.

Online

Built a small base of online students, mainly adults from Korea, Japan, and the Philippines. Have taught on various platforms and as an independent freelancer. Classes include language, literature, nuanced and natural settings, or preparation for international tests such as TOEFL, IELTS, or TOEIC! My classes can be customised to suit all ages and abilities from A1 to C2.
