Dear Director,

I hold a degree in English and Literature from Carleton University, located in Ottawa, the capital city of Canada. My passion for teaching was ignited during my university years, and it has since evolved into my dedicated career path for the future. I am seeking further employment in an ever-evolving education landscape in South Korea. I began my journey as a teacher and most recently have been employed as a headmaster/principal at a kindergarten and primary school. Currently, I have almost a decade of teaching and administrative experience.

Throughout my tenure as a headmaster/principal, I have demonstrated a diverse skill set and a deep commitment to the educational landscape in Korea. With the responsibility of overseeing a team of dedicated educators and the educational progress of many students, I have honed my leadership, administrative, and mentoring abilities. My experience has entailed the development and implementation of comprehensive strategic plans to elevate the school's educational program, closely aligning with its mission and philosophy. I have consistently championed continuous improvement in student performance, staff professional development, and organizational growth. My dedication to fostering a positive and motivating learning environment has been a cornerstone of my career, both as a headmaster and throughout my decade of teaching in Korea.

Before this, I concluded a teaching contract as a Head Teacher in Bundang, South Korea, at a highly regarded academy, where I was responsible for instructing students ranging from ages 10 to 16. Overseeing a team of 15 English educators and a student body of more than 400, this experience presented a challenging yet enriching journey that significantly enhanced my pedagogical standards.

On a personal note, I am a dedicated, compassionate, and consummate professional in the field of education. My journey to establish a successful career in South Korea has been a testament to my unwavering dedication and commitment. My approach to teaching is defined by kindness and empathy, fostering an atmosphere where students feel valued, supported, and motivated to excel. Throughout my career, I have diligently pursued opportunities to enhance my pedagogical skills and expertise, recognizing the importance of continuous growth and improvement in the ever-evolving field of education. I take great pride in being a responsible and nurturing educator, and my efforts are aimed at nurturing the potential of my students while contributing positively to the learning community.

It is with this dedication, a rich background in education and language, and a strong commitment to professional excellence that I seek to further contribute to the educational landscape in Korea.

Attached please find a copy of my resume, I hope through the credentials it shares and the enthusiasm that this letter projects I have shown you my desire to build my career in teaching. And I hope that with your support, I can continue to make my career dreams come true by joining your organization.

Sincerely,

Ethan Taylor
