Dear Ms/Mr

Application For Native English Teaching Post.

I am writing to express my strong interest in securing a position for ESL teacher available at Hwajeong English Village school as advertised on Dave's ESL Cafe website. With my classroom experience, and a passion for fostering inclusive, student-centred learning environments, I am confident in my ability to help students achieve their language goals and thrive academically.

I believe language learning is most effective when students are immersed in meaningful, context rich activities that connect to their personal interests and real-world needs. My approach emphasizes communicative competence, cultural awareness, collaborative problem-solving, while maintaining high expectations for every learner.

Your commitment to innovative pedagogy and community engagement aligns closely with my values. The emphasis on fostering creativity and critical thinking deeply resonate with my teaching philosophy.

Thank you for considering my application. I look forward to the opportunity to discuss how my qualifications align with your educational program and to further demonstrate my enthusiasm for this role. Please find my attached resume for your review.

Sincerely,
