

ABOUT ME

I'm a dedicated and qualified teacher with 9 years of teaching experience, specializing in ESL and remedial education. Skilled in curriculum development, differentiated instruction, and student-centered learning to enhance academic success. Proven ability to adapt teaching strategies to diverse learning needs and foster a positive, engaging classroom environment. Strong communication and leadership skills with a passion for helping students achieve their full potential. Seeking an opportunity to contribute my expertise in a dynamic educational setting.

WORK EXPERIENCE

Xiaobai ABC English – Online Teaching

Online English Teacher

October 2025 – February 2026

- Delivered engaging online English lessons to young learners and adult students in a virtual classroom environment
- Planned and adapted lesson materials to suit different proficiency levels and learning styles
- Taught key language skills including speaking, listening, reading, and basic writing
- Used interactive tools (slides, games, TPR, visuals) to maintain student engagement and participation
- Managed classroom behavior effectively in an online setting
- Encouraged student confidence through positive reinforcement and communicative activities

English Academy, Seoul

Head Teacher & English Teacher

May 2018 – October 2024

- Led and managed a team of ESL teachers, ensuring high-quality instruction and curriculum implementation
- Designed and supervised lesson plans, assessments, and teaching strategies to improve student engagement
- Conducted teacher training sessions on best ESL practices, classroom management, and differentiated instruction
- Provided mentorship and classroom observations to support teacher development
- Taught ESL classes to students of varying proficiency levels, using interactive and communicative methods
- Developed customized learning programs that resulted in a measurable improvement in student language skills
- Instructed students in core language skills, including reading, comprehension, listening, grammar, and writing.
- Developed a short story curriculum for students needing additional support and contributed to the creation of a targeted grammar curriculum as part of a collaborative team.
- Successfully transitioned to online teaching during the COVID-19 pandemic, developing digital resources and interactive lessons to support remote learning.
