To whom it may concern

I would like to take this opportunity to thank you for considering my application. I am a hardworking and dedicated professional who is loyal, punctual, patient, and able to work effectively under pressure. I am a lady holding a Bachelor of Arts degree, a Teaching Now teacher certification (which qualifies me for U.S. teacher licensure), and a 120-hour TEFL certificate. Additionally, I am currently completing my PGCE, which I expect to finish in May 2026. Upon completion, this qualification will further enable me to obtain full teacher licensure in South Africa.

As an experienced language teacher, I have dedicated the past six years to inspiring and motivating students to achieve their full potential, with two of those years spent teaching elementary school in Beijing, China and 2026 will be my 4th year in South Korea. My teaching philosophy centers on creating supportive and inclusive learning environment that encourages active participation and personal growth. Additionally, to my teaching experience, I am confident in my ability to integrate technology effectively into the classroom.

One of my greatest strengths is my strong commitment to building positive relationships with my students and coworkers. I believe in open and effective communication, recognizing the importance of regular feedback and collaboration to support student progress.

Attached is my resume, which provides further details on my educational background and teaching you!

Regards,
