Subject: Letter of recommendation for Bianca Zurcher

To whom it may concern,

I highly recommend Bianca Zurcher, with whom I have worked alongside for the past few months.

Bianca has demonstrated a determined and admirable level of precision in her work, both in caring for her students and in her administrative responsibilities. She has taken on every task assigned to her with eagerness and a positive attitude that was infectious to the rest of the team. As she has proven herself to be much more than merely competent at her work, I have often asked her to assist me in multiple tasks. Entrusting her with specific tasks and extra training, as she has expressed her desire to learn and progress in the field of education and childcare. In the classroom, Bianca has demonstrated a professional level of support and teaching to students, understanding each child's individual personality traits easily. Allowing her to be a strong and reliable teacher who the students feel excited to see every day and open up to her on a personal level.

Outside of designated tasks, Bianca is a person who can spot issues and deal with them in a professional, quick manner. In meetings, she was a vocal member of the team, ready to volunteer for tasks related to events, field trips, and any special activities the school may have planned.

Because of this, Bianca is a highly valued member of our team and would no doubt prove herself to be a valued member of yours. Her dedication, genuine love for her work and students, communicative skills, and consistent ability to meet deadlines add significant value to any position she chooses to apply for.

Please do not hesitate to reach out if you require any extra information.

Sincerely,

Ashleigh Whiteway
