

Dear Recipient:

It is with great excitement that I submit this letter as part of my curriculum vitae and also part of my application for a teaching position available at your school. I obtained my bachelor's degree in Education in intermediate phase teaching from the University of the Free State. I also have a 3 years work teaching experience and I believe that my skills, experience and passion for teaching would make a positive contribution at your school.

While completing my degree, I had the opportunity to do my training as a student teacher for 3 years and this gave me hands on experience in dealing with learners. I've also gained more experience when I worked as a homeroom kindergarten teacher, teacher's intern and volunteering at an after school program. This made me to be more exposed to the work environment and offered me a chance to apply my skill set and showcase my creativity and passion for teaching.

I am particularly interested in joining your school because of its commitment to academic excellence and holistic development of learners. I believe my skills, experience and passion for teaching would make a valuable contribution to your school.

I would appreciate the opportunity to discuss my application further. Thank you for considering my application

Sincerely,
